County Surveyor. ABE MARTIN says: "The hardest thing a farmer does next 't' plowin' is givin' half the road to a tourist's car."

County Commissioner. The most dangerous element in all this Mexican war talk and troop mobilization, after all, is the newspaper kodaker.

County Auditor. COME to think of it, we could not approve of any war, lightly undertaken, just at the inception of the trout fishing season.

County Surveyor. STOP grumbling at the weather. Can't you realize that we'll soon be eating lettuce, onions and radishes out of our own gardens?

County Commissioner. SENATOR La Follette looks across the border line into Mexico and wonders whether it may not become proper for "as insurgents" to stand together even in war.

County Auditor. THE growing habit of killing some decent person and then committing suicide wouldn't be so unpopular if the crazy fool would make it a point to begin at the suicide end of his devilishness.

County Surveyor. A PHILADELPHIAN, writing to the Record, says that a case similar to that of Toth, who was imprisoned for 20 years, though innocent, occurred in Michigan many years ago. A young Irishman who had just come over in 1852 or 1853 was accused of murder, tried and convicted.

County Commissioner. After serving many years of his term, he was found innocent and the legislature of Michigan declared that there was redress for him, or should be, and voted him \$50 a month for the rest of his life. Many people are interested in Pennsylvania's case of injustice, and although news of each new day crowds out that of the day before, the case is not forgotten. Injustice is never forgotten by right-minded people. What is everybody's business is of course a difficult matter to handle, but there must be some group of individuals which is near enough to this man, and cares enough about the redress of wrongs, however inflicted, to move in the matter. —Oil City Blitzard.

Our New Congressman.

Hon. Peter M. Speer, who will assume his duties as the Representative of the 28th District in the new Congress which is to convene next Tuesday in extraordinary session. That he will make good for his people, although handicapped by a Democratic majority goes without saying.

Whig Hill.

Mr. and Mrs. S. M. Kiffer, of Beaver Valley, spent Sunday night at the home of their daughter, Mrs. Eugene Berlin. Mr. K. has had misfortune in the extreme, his dwelling house, a large, commodious, roomy structure, having burned on Friday night. No insurance, and very little of the household goods saved. Mr. K. is undecided as to his future plans.

What may be termed a cyclone struck this locality on Monday afternoon and did some damage in tearing trees down, and also some outbuildings, and making travel rather difficult in most places. Telephone and telegraph service was impeded for a time, at least.

Some of the patrons of our vicinity attended the good roads lecture at West Hickory. Report: "Good, if only put into practice in our midst on these much needed roads."

Mrs. H. Berlin leaves this Wednesday for a visit with three sisters at Coraopolis, and also a farewell visit to one sister, Mrs. Black, previous to the departure of the latter for Oklahoma, where her son is employed and where they will make their future home.

Mrs. J. M. Barber has been on the sick list for the past week.

With less than four weeks yet of pedagogical work here, no doubt Prof. Terrill is packing his grip for parts remote.

ANOTHER CORRESPONDENT. Already some of our neighbors not far away have begun to plow, but the ground is very muddy and wet and the frost is not yet out. Unless we get some hard freezing weather, better not plow, as it is injurious to the ground.

Dr. Smith lost a nice cow Saturday. A paper was circulated and people responded quickly at \$1.00 a piece, so the doctor and wife will have another cow.

Henry Patterson and son were visitors in the county seat this week.

The roads are getting no better. They seem to be in the worst condition they have been in for years.

Moss Barber has returned from his job of work at Hickory, cutting lumber for John Vail. He will now take up farming on the Gillespie farm, of which he is the owner.

Two car loads of lime will be shipped soon to this place. Farmers are beginning to see it pays to agitate the ground.

Already a few candidates are on the road. Enough are out for office so we can have our pick from a farmer down to a telephone man.

W. A. Kribbs and wife are home from Florida. Billy's face has the good old summer tan. We are glad to see him back again. While things have been going on the farm, they will now go some more.

Quite a demand for horses, hen fruit steady, beef cattle high, pigs very scarce, and cows away up in G.

Stephen Maze of Redelfy received the sad news last Tuesday that his son, Marie, was killed in Virginia, Monday, March 29th. —Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious disease that often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

Clarington Defeats Sigel.

CLARINGTON, PA., March 25, 1911. Sigel sent their last hope down to defeat Clarington, Saturday evening, but it was a dying puff, for our boys, togged out in their bright new uniforms, trimmed them completely by the score of 35 to 4. The remarkable shooting of Burnham and Hoy and the clever guarding of the other three were the features. Burnham led the scoring with 21 points. Hoy came next with 10. This Sigel team proved to be more gentlemanly than the other teams from that place. They seemed quite discouraged the first half, which ended 14 to 0 against them, yet they played quite a snappy game in the last half, but they could not locate the basket. The line-up: Clarington H. S.—33. Sigel—4. Burnham.....E. McCaskey Hoy.....D. Caldwell W. Henderson.....G. McCaskey B. Henderson.....G. McCaskey Hottel.....Campbell Field goals—Burnham 7, Hoy 5, W. Henderson, E. McCaskey. Fouls—Burnham 7, McCaskey 2. Referee—Greenhill.

A man whose name is unknown to us came to Cook's mill last Friday night and asked the watchman, S. M. Ward, if he might spend the night with him. He did not give any of his history, but sketched a great many pictures on pieces of boards, which shows he had an artistic hand.

Forest County Dogs Do Their Share.

That the Forest county dogs are quite a help to the several school districts is evidenced by late report of the county auditors, published last month. The law provides that the dog tax shall go the reimbursement of persons having sheep killed by dogs, and at the end of each year if there is any considerable sum remaining it shall be distributed pro rata to the school districts of the county. For the past two years this fund amounted to \$1550.02 in this county, and after deducting \$169.84 which went toward the payment of claims for sheep killed, exonerations, etc., there remained \$1,380.18 to be distributed to the schools, not a bad showing for the much-abused, often un-welcome, but ever faithful dog. Of the sum mentioned \$119.85 went to Barnett township, \$93.06 to Green twp., \$107.40 to Harmony twp., \$136.77 to Hickory twp., \$104.34 to Howe twp., \$186.12 to Jenks twp., [Bro. Pickens of the express please note] \$128.31 to Kingsley twp., \$117.03 to Tionesta twp., \$91.47 to Tionesta twp., and still leaving a balance of \$32.83 in the treasury of the county for any contingent claims for sheep killed. In Forest county, at least, the dog is doing his share toward paying the school tax and isn't killing many sheep either. Give the dog, as well as the "other fellow," his due!

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
